Version: V1

Shipment Number Lookup using Kroger Purchase Order Number:

1. User will login to ONE Network Portal as below.

The screenshot displays the 'Neo Dashboard' interface. At the top left is the 'one' logo. The dashboard title is 'Neo Dashboard'. On the right side of the header, there are several utility icons (edit, list, add, print, refresh) and a user profile for 'Transportation Manager'. Below the header is a row of six summary cards, with the second card highlighted in orange and showing the number '0'. The main content area consists of seven summary cards, each displaying 'No results' and a message to 'Try altering your filters!' and 'Reset filters to default'. Each card also has an 'Export to Excel' button. The cards are: Alert Summary, Problem Summary, Shipment State Summary, Late Delivery Scorecard, Planning Shipment Status Summary, and Freight Invoice Summary. A left-hand navigation menu includes icons for Home, Problems, Alerts, Chats, Switch, and Menus/Favs.

2. Use global search on the left side bar and enter an “*” and the 5 digits of Kroger’s PO number. Make sure you select “Shipments – by Shipment No” from the Search By drop down.

3. Use the complete shipment number as a reference when sending Location and Temperature data to One Network
