Greetings,

The past year Kroger has closely monitored One Network's "Auto-Scheduling" functionality at both Dillons Distribution Centers. We are excited to announce Kroger will be expanding this tool to the enterprise for all **Kroger Managed** loads. Through this letter, we hope to reiterate the scope and provide the rollout schedule.

Auto-Scheduling Scope

- All inbound loads greater than 14 pallets will be assigned an "Auto-Scheduled" appointment time.
- If you are responsible for scheduling, you must "confirm" or "reschedule" your Auto-Scheduled appointment 72 hours prior to the appointment.
- Failure to confirm or reschedule will result in cancellation of your appointment. Detention will not be authorized.

Auto-Scheduling Rollout Schedule

- Starting June 9th, 2025, Auto-Scheduling will be turned on at the Phase 1 distribution centers.
- Phase 2 through 6's rollout dates will be provided in a follow-up letter after August 9th, 2025.

Phase 1	Seymour, Indianapolis, Aurora, Romulus, CFC
Phase 2	Woodlawn, Denver, Memphis, Compton
Phase 3	Shelbyville, Houston, Delaware, Keller, Paramount
Phase 4	Oconomowoc, Mazomanie, Layton, Louisville, Compton
