

Dear Valued Kroger EDI Trading Partner,

Starting May 19, 2025, all warehouse purchase orders sent from Kroger's legacy procurement systems will include an 11-digit shipment number. This number will include the 3-digit facility code, 3-digit distribution center (DC) code, and 5-digit purchase order number.

### Why Are We Making This Change?

You could need this unique 11-digit shipment number to comply with Kroger's upcoming requirement to update location and temperature data into One Network (effective May 1 and Nov 1, respectively [LINK](#)).

- This will promote increased end-to-end supply chain visibility and order accuracy.
- Remember, failure to comply with these new requirements will result in a fee. [LINK](#)

### Kroger EDI Sender IDs Impacted by This Change:

- ISA ID – 9254110060
- ISA Qualifier – 08
- GS ID – 5137624388

### Impact on Consolidated (Multiple Orders on a Truck) Orders:

- The shipping identification (SI) qualifier, which is currently in the N901 element, will be replaced by the combined shipping (CB) qualifier.
- The N902 element will list the 11-digit shipment number.

### What Do We Need from You?

Please review the attached copies of the revised EDI875, EDI850 and EDI940 documents and update your Kroger maps to process the N901 and N902 data elements listed below:

#### **EDI875 Orders:**

<b>N901 Element</b>	<b>N902 Element</b>
AN	Associated Purchase Orders on consolidated orders
CB	Combined Shipment
IA	Internal Vendor Number
SI	Shipment Number / Shipper's Identifying Number for Shipment (SID)

**EDI850 Orders:**

<b>N901 Element</b>	<b>N902 Element</b>
AN	Associated Purchase Orders on consolidated orders
CB	Combined Shipment
SI	Shipment Number / Shipper's Identifying Number for Shipment (SID
ZA	Supplier

**EDI940 Orders:**

<b>N901 Element</b>	<b>N902 Element</b>
AN	Associated Purchase Orders on consolidated orders
CB	Combined Shipment
SI	Shipment Number / Shipper's Identifying Number for Shipment (SID
ZA	Supplier

**Questions?**

- Please contact [EDI@kroger.com](mailto:EDI@kroger.com) for technical questions.
- Please contact [vendorcompliance@kroger.com](mailto:vendorcompliance@kroger.com) for business questions.

Thank you for your attention and action in preparation for this mapping update,

Kroger EDI
